Celebrating Life for 25 Years!

Summer 2017

LIFE Letter

My name is Hannah Coyle and it is an honor to be the new Executive Director of Crossroads Pregnancy Center. I am originally from Milledgeville and received a Bachelor of Arts in Mass Communication from Georgia College in the summer of 2014. While I was in college, I knew God was calling me to the mission field and after many prayers I was led to serve at Crossroads. While working with Monica, I began to see this ministry through the eyes of the clients we serve. I also began seeing many changes happening at the center.

Earlier this year our Nurse Manager, Margie Hawkins, retired and Monica Leftwich stepped down as Executive Director because she knew God was calling her to a new direction. Along with a change in the staff, the Board of Directors decided to change how we provide services to our clients. We went from a Global Service Model, where the clients pick and choose which services they want, to a Linear Service Model, where all the clients will be offered the same services during their visits.

This Linear Service Model suggests that it is vital to this ministry to have a Nurse Manager. During the visit, the nurse and client advocate will provide the pregnancy test, ultrasound, have an opportunity to share the gospel and pray with the client. This model also suggests that we perform sexually transmitted infection (STI) testing during the same visit. The Nurse Manager, nurse volunteers and client advocate volunteers are all very important in our ministry. We are still in need of a Nurse Manager and an Ultrasound Tech. I hope you will join with me in praying for these changes and for our next Nurse Manager.

Monica & Hannah attended the **2017 Heartbeat International Annual Conference** in Chicago

Hi I am Iesha and I have been coming to crossroads since I was early in my pregnancy. Now my baby is 8 months. I really love coming to crossroads because the people are so nice and sweet to me. I feel like I have known them forever. I love watching the videos and learning new things. It is just a great place to be and I could stay there all day if I could. Coming to this place helps me not give up even when times are hard. I feel like family when I am here and that is the best feeling in the world. If anyone needs a godly place to come this is the right place for them.

Social Media Comments

"I had just moved into town and found out I was pregnant shortly sometime after. The Pregnancy Center actually makes me feel more calm about the situation and the ladies there are amazing! Their earn while you learn program is great. You can never have enough information!"

"A great place to go to learn new and exciting things about your baby! Also a way to learn and get closer to Jesus Christ our savior. Great staff and you can earn free items for your baby just by attending class and learning things that will help you give your baby the best care."
